## Curriculum vitae – Hanna Lindström

### Current position

---

Research assistant | Sep 2021-Jan 2022 | Department of Economics, Umeå School of Business, Economics and Statistics.

- Co-author of a report on Green Public Procurement as an instrument of environmental policy.
- Contract research on behalf of the Swedish Competition Authority.

### Previous positions

---

PhD student | March 2017-Oct 2021 | Department of Economics, Umeå School of Business, Economics and Statistics

Main research field: Public Procurement, Industrial Organization, Environmental policy.

- PhD Thesis *Food for Thought: Essays on Green Public Procurement and the Market for Organic Food*. Dissertation date: October 29<sup>th</sup>, 2021. Faculty opponent: Prof. Janne Tukiainen, University of Turku.
- Supervisor: Professor Sofia Lundberg, Umeå School of Business, Economics and Statistics.
- Co-Supervisor: Professor Tommy Lundgren, CERE and Swedish University of Agricultural Sciences.

Project assistant | Umeå University | 2015-12-10 – 2016-07-14

- Responsible of compilation and management of a large dataset in a project on Green Public Procurement.
- Research and writing for a scientific article on Green Public Procurement, in co-operation with senior project managers.

Project assistant | Umeå University | 2015-09-01 – 2015-10-31

- Responsible of interviewing and compiling survey data from 22 public servant respondents in a project on public procurement. This data was eventually used in an article published in a top journal within the field of Economics.

Project assistant | Swedish Competition Authority | 2013-12-01 – 2014-11-01

- Co-writer on a report for the Swedish Competition Authority, regarding differences in revisions between procurements carried out under LOU and LUF, respectively.
- Responsible of designing and performing an interview survey, as well as compiling and communicating data from 28 interviews with procurement officials and business owners.

- Worked closely with senior researchers within law and economics as well as with the client, a government agency.
- Report can be found at: <http://www.konkurrensverket.se/globalassets/aktuellt/nyheter/las-rapporten-15mb.pdf>

Teacher in mathematics and social science | NTI Adult Education | 2013-05-01 – 2017-01-01

- Part time work teaching during studies.
- The school conducts distance learning education, which requires great pedagogical and communicative skills.

Analyst | Ramböll Management and Consulting | 2012-01-26 – 2012-08-26

- Six months internship as an analyst and two months of temping during summer.
- Job assignments consisted mainly of research, interviewing and co-writing on reports.
- The collection of data often involved interviews, surveys, document analysis, as well as retrieving and compiling data from different public authorities.
- Communicating with clients, which were mainly municipal and regional authorities, as well as government agencies and ministries.
